

Michael Mattie
Principle/Senior/Lead Engineer

codermattie@runbox.com
406.438.0359

30 years Experience

- Leadership & Business Goals
- System Architecture
- Code Design & Review

Technical Deep Skills

Coding: C, C++, Python, Java, Groovy, Perl5, Shell, sed, awk, Pascal, 32 bit Intel Assembly, XSLT, HTML, CSS, Scheme, ELisp, SQL

Techniques: Unit Testing, Dependency Injection, Build Environment Isolation, Git Expert (Integration Trunk and GitHub style), CI DevOps, Repeatable Builds,

Systems: Monolithic Plugin Frameworks, MicroServices, REST, Lambda, Cloud Formation, CloudWatch, API GateWay, Docker

Practices: 12 Factor App, static checkers, Canary Deployments, Green/Blue deployments.

Business Goals

Balancing Business Goals vs. Technical Goals is my greatest asset, along with Leadership. I wrote code, and a real business plan. I know time & money priorities.

System Architecture

Factoring Business requirements into: Systems, Message Passing, and Schemas, I can identify the: data, abstractions, languages, and tools needed to succeed.

Code Design and review

With decades of experience, bespoke tools, and a passion for code review, I have improved every line of code produced.

AI only works if quality controls catch mistakes of developers and AI tools. Refactoring and releasing with code review and testing is foundational with AI.

Work History

- Gauge Security (2022 - 2024)
Principle Engineer
- Capital One (1/2022 - 3/ 2022)
AWS Security
- Cred.AI (2020 - 2021)
Senior Engineer
- Amazon (4-2019 - 12-2019)
Python Developer
- Oracle (2018-2019)
Python Developer
- Comcast 2016 - 2018
CIE (integration developer)

Skills

- Coding (Full Stack, Backend)
- Agile (since it was invented)
- AWS (SQS,SNS, Lambda, ECS...)
- SQL (UW Certificate)
- Functional Programming
- REST
- MicroService design & coding
- Plugin Frameworks
- Firewalls (PF,IpTables)
- MacOS, Linux, OpenBSD, FreeBSD, DragonFly, NetBSD
- Git Expert
- Emacs, VSCode
- Claude, TabNine, Cursor

Education

- Started in 400's for Masters in Computer Science EWU (2003)
- WSU Certificate in Databases (2016)
